PROFILE

Aspiring Full-Stack Developer with a strong foundation in the MERN stack and a passion for building scalable web applications. Currently pursuing a B.Tech in Computer Science at Rai University, I am focused on enhancing my skills in both frontend and backend development. Eager to work on innovative projects and contribute to dynamic development teams.

TECHNICAL SKILLS

- Tech Stack: MERN Stack (MongoDB, Express.js, React.js, Node.js), JWT, REST APIs
- Languages: JavaScript, HTML5, CSS3, C, C++
- Frontend Development: React.js, HTML5, CSS3 (Flexbox, Grid, Media Queries)
- Backend Development: Node.js, Express.js, MongoDB
- Tools: Git, GitHub, Postman, VS Code
- UI/UX Design: Figma (UX, UI, Visual Design)
- Other: Agile Methodologies, RESTful Web Services
